The National Nurse Educator Summit is a leading industry event featuring nursing professionals from across the country who share a passion for education and lifelong learning. Three info-packed days of inspiring sessions, interactive workshops, and incredible networking opportunities help nurse educators grow in their profession. ATI hosts this event, yet it is not exclusive to ATI schools nor is it about ATI content. It's about supporting and building a stronger nursing industry, creating an environment for collaboration, and providing a forum to facilitate growth.

The 2024 National Nurse Educator Summit will focus on the critical issues facing healthcare and nursing education today, with topics to help educators prepare future nurses. Breakout sessions will focus on:

Helping more nursing students succeed

Promoting equity

Promoting the nursing profession

Recruiting and supporting nurse educators

Promoting quality care and patient safety

Bridging the academic-practice gap

Spots fill quickly, so don't wait! Register today at nursingsummit.com

Why Summit is the one conference you need to attend this year:

USE IT NOW: You'll learn about tools and topics you can take back to the classroom or clinical site to immediately implement them into your curriculum.

CONNECT WITH THE BEST: You will have the opportunity to collaborate, network, and learn with some of the most influential nurse educators in the business.

GET CONTACT HOURS: You'll gain continuing professional development contact hours via ATI's certification from the American Nurses Credentialing Center's Commission on Accreditation.
